***Information Disclosure Statement***

The information disclosure statement filed Jan. 23, 2004 fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each foreign patent; each publication or that portion which caused it to be listed; and all other information or that portion which caused it to be listed. In this instance, the US patents listed have been considered but the foreign patents and publications have not been considered. A copy of those documents should be submitted.

***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-4 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The claims reference elements of the heart (heart valve; pulmonic valve and aortic valve) but as they are now written this component of the claim is no longer present making the claims indefinite.

***Response to Amendment***

Applicant's amendment was sufficient to overcome the prior rejections of the last office action. However, the amendment that cancelled the reference to the heart component now makes the claims indefinite and incomplete. Applicant is invited to call the examiner at the number below to discuss the case. Applicant is also encouraged to

provide in response to this action or before a copy of the foreign patents and documents not provided on the 1449.

3. Claim18 is allowed.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
